**Meet Teresa Howard**  
**Co-Vice President of Membership**

I was raised in Colton, CA and married at 20 years old, in a church in San Bernardino. We moved six months later to Las Vegas, Nevada where we joined the LDS Church (1979), raised our family of four, and

lived and worked for the next 40 years. I have four adult children, who were all born and raised in Las Vegas, Nevada. My oldest two, a daughter and son, still live in Las Vegas. I have another son living in Houston, Texas and my youngest, a daughter, is finishing school in Oregon. I have six grandchildren, so far.

I have lived with my younger sister, Susan Butler, since June 2012. Living in our home, we have our K-9 companions, mine is Katie and Susan's is Coco, Susan also owns an older dog, Suzie and a cat, Pumpkin. We moved to Wrightwood in early April 2015, it took us a year and a half to find a house, so we are truly thankful to have been blessed with a home and a beautiful place to live.

I went to college three times! I studied music, graphic arts and education. I stopped teaching when I moved back to California.

I love many kinds of art, crafts, and fabric art. I sew, quilt, machine applique, machine and needle embroider, paint, paper craft with card making, whatever comes my way, I just might try. I started quilting in the summer of 2012, before that time I thought quilting was just piecing. Once I became aware of art quilts, I fell in love!

Now that my sister and I are both single and living together, we are trying to blend our old, long-standing family traditions into our new, empty-nest, sisters-only home. It's been a strange and funny journey for us.
